

Systems Biology Club

Introducing a new forum to encourage collaborative interactions between different fields of science focused on understanding biological mechanisms at the systems level

**Inaugural meeting 5PM
Thursday, September 4th
@ TLL, level 5 room #05-41**

Laszlo Orban

Temasek Lifesciences Laboratory

"Comparative genomics in cyprinids: Finding the gene needles in genomic haystacks"

Geoffrey Koh

Bioprocessing Technology Institute, A*STAR

"Pathway Model Decomposition and Composition Techniques for Parameter Estimation"
