Research Fellows/Research Assistants

School of Computing, National University of Singapore

Job Descriptions

The National University of Singapore invites applications for the positions of Research Fellow/Research Assistant in the School of Computing (SoC). These appointments are pursuant to a joint project with Advanced Digital Sciences Center (ADSC) and National Cybersecurity R&D Lab (NCL) in Singapore. The Research Fellows/Assistants will work closely with the Principal Investigator to conduct research on cyber-physical security. The candidates should possess strong foundation in cybersecurity and in particular network security. Domain knowledge on OT network would be a plus. This is a good opportunity for enthusiastic researchers to work on challenging research issues while solving practical problems.

Requirements

For Research Fellow Position:

- A PhD degree in a relevant area;
- Good publication record; and
- Experience in research.

For Research Assistant Position:

- A Bachelor's degree with Honours in a relevant area; and
- Experience in research.
