The best aspects of this module are:

1. -

2. In the tutorial questions, he asked students to think about extreme cases of some certain problems. My thinking ability improved thanks to those questions.

3. Learning about the basic behind search engine

4. The subject is boring but he made it interesting

5. Lectures are engaging. The coursework is actually fun.

6. Hands-on experience of various techniques in assignments.

7. Homework is fun.

8. Interesting and challenging

This module could benefit most by:

1. -

2. Everyone who listens carefully in the lectures, and IR engineers, of course. :)

3. Almost everyone who uses search engine

4. none.

5. More homework.

6. more information for the student
