

Lab Schedule for CS2102 and CS2102S

- There will be 3 SQL labs. Here is the schedule:
 - Lab 1: Week 5 (5 Sep – 10 Sep)
 - Lab 2: Week 6 (12 Sep – 17 Sep)
 - Lab 3: Week 7 (23 Sep – 29 Sep)
- During these 3 weeks, there will be **no** tutorial.
- For the S-option students, there will be **recitations** as usual.
- **The venue for the labs is SoC1-06-31**
- Notice that the lab timeslot is **not** necessary **the same** as your tutorial timeslot due to limitations in lab space. We regret the inconvenience.
- If your assigned timeslot **clashes** with some other course then you may come to any other convenient lab slot.
 - In this case, go to the following venue: **SoC1-06-30**
 - No prior approval from the instructor is required
 - Use this option only if it is **absolutely necessary**. Lab space is limited, so students will be accommodated on a first-come-first-served basis.
- Come prepared for the labs, else you will not have enough time to finish all the exercises.
