*All students share the responsibility for upholding the academic standards and reputation of the University. Academic honesty is a prerequisite condition in the pursuit and acquisition of knowledge. Academic dishonesty is any misrepresentation with the intent to deceive or failure to acknowledge the source or falsification of information or inaccuracy of statements or cheating at examinations/tests or inappropriate use of resources. There are many forms of academic dishonesty and plagiarism is one of them. **Plagiarism is generally defined as the practice of taking someone else's work or ideas and passing them off as one's own** (The New Oxford Dictionary of English). The University does not condone plagiarism.*

*Students should adopt this rule - **You have the obligation to make clear to the assessor which is your own work, and which is the work of others.** Otherwise, your assessor is entitled to assume that everything being presented for assessment is being presented as entirely your own work. This is a minimum standard.*

*A student may not knowingly intend to plagiarise, but that should not be used as an excuse for plagiarism. **Students should seek clarification from their instructors or supervisors if they are unsure whether or not they are plagiarising the work of another person.***
