

Life Sciences @ the Library

Month	Date	Title	Programme	Attendance
Jan-01	16-Jan	What The Human Genetic Revolution Means To You	1	250
Feb-01	20-Feb	Genes, Germs and Galaxies: The Impact of Genetics on Our Past, Present and Future	1	220
Mar-01	20-Mar	Decoding the Book of Life : Sequences, Gnotypes A,C,G and T	1	120
Apr-01	17-Apr	The Marriage of Computer Science and Molecular Biology	1	140
May-01	15-May	Lead Actors in the Play of Life: How Protein Structures help us understand Molecular Circuits	1	116
Jun-01	19-Jun	Not by Genes alone: The Role of Genes in Human Diseases	1	80
Jul-01	17-Jul	A Journey Through the Web of Life: Simple Beginnings, Complex Routes and Diverse Destinations	1	80
Aug-01	21-Aug	Artificial Intelligence in Biology	1	107
Sep-01	18-Sep	Just a Spoonful of Bioengineering can make Medicine more Effective	1	61
Oct-01	16-Oct	Laboratories of the Future: Accelerating Life Sciences Research with Leading-edge IT	1	81
Nov-01	20-Nov	The Bits and Bytes of Life: The Impact of Information Technology on Biomedicine	1	105
Feb-02	19-Feb	Medicine in the Genomic Age and What it Means for Singapore	1	60
Mar-02	19-Mar	Genes,Dreams and Disease: Hype vs Hope	1	45
Apr-02	16-Apr	Biomedical Research on the Move	1	85
May-02	21-May	Cancer on a chip	1	120

Month	Date	Title	Programme	Attendance
Jun-02	18-Jun	Stem Cells - the myths and the facts	1	25
Jul-02	16-Jul	Investing in Biotech- Genomics is Just The Beginning...	1	78
Aug-02	20-Aug	Fugu and the Human Genome	1	60
Sep-02				
Oct-02	15-Oct	So You've grown some stem cells, but does it work?	1	22
Nov-02	19-Nov	Career in the Biomedical field	1	31
		Total Programmes & attendees	20	1886
