DEVELOP YOUR EXPERTISE

OCBC AI SCHOLARSHIP

The OCBC AI Scholarship is offered to eligible students enrolled in the Masters of Computing AI at the National University of Singapore. All nationalities may apply.

What does the scholarship offer?

It covers full sponsorship of tuition fees as well as living, book, conference and miscellaneous fees allowance during your period of study. Upon graduation, scholars will be bonded to OCBC for an equivalent duration of the enrolled programme.

Eligibility

- Strong passion in AI and interest in working for OCBC.
- An outstanding track record in academic and co-curricular activities.
- Relevant work or internship experience in relation to AI.
- No other active scholarship bond obligations.
- Students with the ability to demonstrate personal achievements in AI-related work, whether on the job or academically, will have an added advantage.
- Expected enrolment date in August 2019.

Application process

- **3 Jun 2019**: Applications open
- **21 Jun 2019**: Applications close
- **Jun to early Jul 2019**: Interview of shortlisted applicants
- **July 2019**: Notification of awardees

Complete the application form and email to berniceho@ocbc.com.
