School of Computing

CP3209 Undergraduate Research Opportunities Programme (UROP)

CP3209 Project Proposal by External Organisation / Instituition
(Duration of project: Semesters___of AY_____and Semester __ AY_____)

Project ID	*(System generated number from Project Admin System)*
Title	
Proposer	*(Name of School of Computing faculty member)*
Co-Proposer	(Please state the name and contact of external supervisor/company supervisor)
Category	**UROP**
Project Keywords	*(please use the standard list provided in Appendix A1 or A2 to complete. Choose 3 keywords from the list that best describe the project)*
Maximum Number of Students per Project ID	
Details of Coordinator from the Organisation/Institution	Name: Email: Designation: Organisation Name: Mailing Address: Tel: (O) (HP)
Description including deliverables	

Start Date/Duration	
Requirements	*(state the software and hardware required to execute the project including their availability)*
Skill	*(state the skill set expected of the student)*
Benefits	*(state the benefits that the student is going to get after successfully completing this project)*
Is the project purely an implementation project, or is there research questions to be answered? **If so, what are the research questions?**	
What are the project objectives and deliverables	
Lab Required (at SoC)	

NOTE:

University staff members are **NOT** expected to sign any additional legal agreement as there are already existing policies on IP which university members are expected to abide.

For details, you may refer to https://nus.edu.sg/tti/for-researchers/faq-policies-and-guidelines

Projects that require additional legal documents to be signed by examiners are not appropriate for UROP.
