

CS2104 - Programming Language Concepts

HOMEWORK 1

August 14, 2002

Guidelines

Please prepare your homework according to the following guidelines:

1. Please prepare your answers in MSWord (.doc file) or plain text (.txt file) format.
 2. All answers should be placed in a single .doc file or .txt file.
 3. You have to upload your homework before the deadline. **No late submission is allowed!**
 4. You must upload your homework using the file name given below. **If you do not respect the convention then your homework won't be graded!**
 5. To upload your homework, follow the link **Workbin** from the course web-site:
<http://www.comp.nus.edu.sg/~cs2104>
 6. Upload your file into the **HW1** folder of workbin. For file transfer, please FTP only in binary mode (not in ASCII mode).
-

Questions

- Deadline: Thu 15 Aug 2001, 11:59 PM (*i.e.* before midnight)
The system might be busy just before the deadline.
It is your responsibility to submit well ahead of deadline.
- Location: Upload your homework into folder **HW1**
- Format: One single **.doc** (MSWord) or .txt (plain text) file containing the answers to all 4 questions.
- File name: <NUSNet (Windows) user-name>.doc (for example: isc90000.doc) OR
<NUSNet (Windows) user-name>.txt (for example: isc90000.txt)

QUESTION 1 Exercise 2.5 of text book (page 46).
