Subject: RE: Activities of CBL members in August

Dear CBL folks,

I thought you would like to know what the other members of our lab have been doing this month (August). Here is some info that I know of …

I am pleased to inform you that the following paper from our lab members were published this month:

1. Jin Chen, Wynne Hsu, Mong Li Lee, See-Kiong Ng. **NeMoFinder: Dissecting Genome-Wide Protein-Protein Interactions with   Repeated and Unique Network Motifs**. *Proc. 12th ACM SIGKDD Interactional Conference on Knowledge Discovery and Data Mining (KDD)*, pages 106--115, Philadelphia, PA, August 2006. (This is a really interesting paper. You should ask Jin for a copy, or come for his presentation on 14/9; see below.)

And the following talks were given by our lab members and friends this month:

2. Limsoon Wong. **An Introduction to Knowledge Discovery Applications and Challenges in Life Sciences**. *Invited tutorial at EII PhD Winter School in Data Mining & Bioinformatics*, ARC Research Network in Enterprise Information Infrastructure, Lorne, Victoria, Australia, 13-17 August 2006.

3. CS Seminar: Biocomputing Startups: Can They Survive in Singapore?
   Bernard Leong, Genome Institute of Singapore.
   3 August 2006 @ 4pm in Executive Classroom, SOC1, Level 5.

4. CS Seminar: On Diagnostic Data Mining.
   Bing Liu, Univ of Illinois at Chicago.
   3 August 2006 @ 2pm in Seminar Room 1, S16, Level 3.

In September, Dr. Liviu Ciortuz from University of Romania will visit us for two weeks. Also, please put these three upcoming talks on your calendar:

1. CS Seminar: GR - An Efficient Algorithm for Feature Selection in Large-Scale Typed Unification Grammars.
   Liviu Ciortuz, University of Iasi, Romania.
   14 September 2006 @ 4pm in Executive Classroom, SOC1, Level 5.

2. CS Seminar: Increasing Confidence of Protein Interactomes Using Network Topological Metrics.
   Chen Jin, NUS SOC.

14 September 2006 @ 2pm in Executive Classroom, SOC1, Level 5.

3. [CS Postgraduate Seminar: Data Mining Techniques in Gene Expression Data Analysis](#).
    Xu Xin, NUS SOC.
    1 September 2006 @ 10am in Executive Classroom, SOC1, Level 5.

If I have missed out anything, please let me know.

Limsoon.
